Dr. Mintie's Nephreticum.

Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:

"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.

C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.

Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 5 and 6 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.

For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.

For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

Chase's, with a complete stock of millinery and fancy goods, consisting of all the latest styles, both from New York and San Francisco, thereby enabling me to sell cheaper than ever before. It is impossible for ladies purchasing goods from my store to get anything out of style, as my stock is all new to commence with. The goods need only to be seen, they will tell for themselves. Orders for goods sent by mail or express will receive prompt attention.

FRIDAY, MAY 2, 1879

POOR FENCES MAKE POOR FARMERS.

First cost keeps nobody poor. It

repairs that eat up the landlord's

rents, the housekeeper's earnings and

the farmer's profits. The rancher who

builds the best is the poorest rich.

The one who builds poor barns, poor

sheds and poor houses is always poor.

The amount of labor and money ex-

penditure in fences alone is enormous,

and in some countries is the hardest

work the farmer does, next to his

plowing. The man who slights this

part of his work is laying up trouble.

If he puts up a poor fence it will not

keep his fields safe from trespass, and

will be continually requiring repairs

and rebuilding, which take time if

not money. The difference between

the two goes a good way to making

up the savings of the well-to-do farm-

ers. A great advantage, in an econom-

ical point of view, was gained in the

invention of the barbed wire fence,

which, with all the criticism it has

met, has proven to be both strong and

cheap. It is very cheap in the first

place, and outlasts a great many

wooden or brush fences. It can be

repaired when it is broken down by a

very little exertion, and made as good

as new. It does not catch sand or

snow as to form drifts. It looks as

if it was the fence of the future.

A VALUABLE ADDITION.

"In the name of the Prophet, figs!"

Mr. G. E. Needham, of Washington,

says that the people of this country

make a mistake in not cultivating

figs, and that northern climes are even

better for them than southern. In Ohio

it has been found that the fig tree is

quickly grown, is easily protected, is a

sure bearer, and very prolific. The

tree began to bear when two years

old, and when they have reached four

or five, produce with less labor a

greater and more certain crop than

either potatoes or tomatoes. Mr.

Needham adds that what is true of

Ohio is true of the whole north—

Harper's Bazaar.

We do not know of a fig tree in

Reno. If it can be grown here it will

be a great addition to our orchards,

and the sooner the fact is demonstrat-

ed the better.

EDITORIAL NOTES.

The longest subterranean construction

in the world is in the mines of

Freiburg, in Saxony. A series of

galleries, which were begun in the

twelfth century, reached in 1835 a

length of 123 miles, and had yielded

an immense quantity of silver. In

1833 a new gallery was commenced,

which was finished a year ago, and is

eight miles long.

These who are inclined to look upon

law as the great cure all for every ir-

regularity in common affairs would

find a very heavy tax added to those

now imposed. A man cannot kill a

pig in England without having the

meat microscopically inspected by an

cow, sitting on their haunches to per-

form the operation."

They have donkeys in England that

JOTTINGS.

—Old Boreas has got on his spring last—
—The river has been up a little for the past two or three days.
—Another train load of iron went west this morning.
—Mr. Budden says he will get his photograph gallery in running order by next Sunday.
—The foundation of Hammond & Wilson's stable and theatre building has been laid, and the lumber for its completion is nearly all on the ground.
—A small frame house on Virginia street, between Fourth and Plaza, was blown down this morning. Nobody was in at the time of the accident.
—Part of the iron front for Steele Brothers and J. J. Becker's new building has arrived from Sacramento. The remainder will be along shortly.
—Messrs. Scott and Kleser have their Palace Wine Rooms open for the public benefit. It is on the International hotel site, opposite the depot.

PERSONAL.

J. C. Jones, of Surprise valley, is in town.
There were several Virginians in town yesterday and to-day. Among them were J. C. Currie, ex-mayor of the town on the mountain, J. A. Brumsey, and W. H. Hill.
Dr. H. W. Patterson, the proprietor of the Camp Bidwell and Surprise valley stage line, left for his home at Cedarville, Modoc county, this morning.

A Deserved Compliment.

The Gazette is under many obligations, in the way of news, to Ed. Vesey, the genial landlord of that popular caravansary, the Lake house. The Lake house is one of the best known and most patronized hotels along the railroad and deserves it too, for its location is first-class, accommodations superb, and the fare toothsome. Vesey looks well to the comfort of his guests.

The "Workingman."

Mr. Harrison, of Milford, will open a store on Virginia street next Tuesday morning in the building formerly occupied by Morris Ash. It is to be called the "Workingman" store, and Mr. Harrison says by selling his goods cheap he hopes to be able to make it the workingman's friend. He will keep a choice stock of fresh groceries.

District Court.

The lawyers and district court have been putting in time all day on the case of Mary Wall and J. E. McCrea vs. J. M. Graham and Lewis Trainer. Up to the hour of going to press no decision had been reached, though it had been given to the jury.

Birthday Party.

A social party came off last evening at the residence of M. J. Smith in honor of Mrs. Smith. About twenty-five couples were present, and enjoyed themselves finely with dancing, music, card playing and some refreshments.

The best smoking and chewing tobacco, of all leading brands, and the finest cigar at Burchard & McClelland's, Commercial Row.

TEMPERANCE REFORM.

Dr. McKenzie Has Another Set-to With "Ham and Gam."

Dr. McKenzie lectured again at the pavilion last night. His lecture was a general resume of what has heretofore been said on the subject of temperance. He, however, devoted a considerable proportion of his remarks to advocating a reform club, such as has been organized in Carson and Virginia. The workings of the reform clubs were explained at great length. The benefits derived from and the good promoted by these clubs were dwelt upon. In the course of his remarks Dr. McKenzie said he was not one of those who, after traveling over this coast, enjoying the hospitality of its people, and carrying away thousands of dollars of their money, went back east and pronounced the people here whisky guzzlers, hoodlums and a blood thirsty mob, as had been done by a reverend lecturer in Plymouth church. Rev. Joseph Cook, the famous Boston divine, received a going over. Dr. McKenzie said he would like to take Mr. Cook before some audience he had seen on this coast and ask him if he thought they were blood thirsty mobs. If Mr. Cook was the man Dr. McKenzie thought he was he would hang his head in shame. At the close of the lecture every man in favor of forming a reform club was requested to stand up. About one hundred signified their willingness by getting on their feet. After this a collection was taken up for the purpose of defraying the expense of hall rent, gas, etc. When the hat started on its round several parties started for the door. The doctor mildly told them it was not necessary to go out. If they did not wish to give anything, there was no compulsion in the matter. This sally elicited a roar of laughter. Another squad of recruits then chirographed their autographs to the total abstinence pledge. The lecture will be repeated again this evening, and the organization of a reform club taken up.

New Patents.

Dewey & Co.'s Scientific Press Patent Agency has received official notice of the issue of the following patents to Pacific coast inventors, for the week ending April 22d, 1879: A. Bink, S. F., carriage; W. B. Ferguson, Dixon, Cal., fire extinguisher; Silas Harris, S. F., harrow; R. H. Hunt, S. F., loom; John G. Iles, S. F., sloop hopper; E. J. Molera and J. C. Cobrian, S. F., regulator for electric lights; E. J. Molera and J. C. Cobrian, S. F., carbon floats for electric lamps; Chas. Oester, S. F., vehicle running gear; H. Richman, S. F., rock drill; W. T. Rickard, S. F., oxidizing, etc., furnace; A. T. Sherwood, S. F., twisting and untwisting fiber; J. Uriell, Collegeville, Cal., portable derrick.

High Winds.

This morning was exactly just such a morning as the day of the fire. The wind rose in the latter portion of last night, and became a perfect gale toward morning. It howled and shrieked through the streets, sending gravel and dust flying in great clouds before its furious blast. People could hardly get about for the violence of the wind, and everybody remained indoors. The violence of the gale abated, however, along toward the middle of the day.

A Military Company in Prospect.

A movement is on foot among some of the young men to organize a military company. There are plenty of young men in Reno to form a good company, and if the matter is taken hold of in earnest we will soon have a military organization. There ought by all means to be one here, and only a little rustling is necessary to get one up. Some of the boys are going to agitate the matter right away.

Held to Answer.

The oft postponed examination of J. D. McKenzie, the fellow who was hawking around a forged order on W. F. Everett, came off at last this afternoon. No witnesses were examined for the defense. At the conclusion of the examination Judge Bowker bound him over to appear before the grand jury, with bail fixed at \$500. On default of bail he was remanded to jail.

Another Hotel.

L. Wintermantel's building on Center street is rapidly nearing completion. The roof is on and the walls nearly finished. The building will be a large and handsome one, and well adapted for the purpose it is intended to be. That well known and popular landlord, M. T. Coats, it is learned, will open a hostelry in it as the finishing touches have been put on.

Dangerous Sidewalk.

The sidewalk on the west side of Virginia street, between First and Second streets, is very defective and even dangerous. There are several holes in it, and as it is raised considerably from the ground, a person going along in the night time is likely to step into them and break a leg or sprain an ankle. The sidewalk should be repaired.

New Firm.

E. F. Bane, of Bane & Co., arrived from Davisville this morning where he has been living. Mr. Bane will open a paint store, wholesale and retail, on Virginia street. Mr. Bane has come to stay and will build up a good business without a doubt.

HOUSE BLOWN DOWN.

Several Men Caught in the Wreck.

This morning about half past 7 o'clock the large frame building Kit Carson was erecting on the site of the Pollard house blew down with a tremendous crash. Eight men were at work in the building at the time of the accident, putting up additional braces because of the violent wind blowing. One of them managed to get out before the crash came, but the other seven were caught in the ruins. Happily none were killed or fatally injured. It seems almost a miracle that every one of them were not killed or badly crushed. Harry Osborne was worse hurt than any of the rest. He had his collar bone broken, and received an ugly cut in the head, besides being considerably bruised. H. C. Creal had his back hurt by the falling timbers, and received a contusion in the head. William Smith had his arm mashed, but no bones were broken. Charles Hunley received a hurt in the back. The building was 28 feet wide by 80 feet in length, and two stories in height. The wreck was complete, not a stick left standing.

Attempted Robbery.

Night before last, while Miss McGinley was down to the train to see her mother and sister off, some parties visited the residence, it is supposed for the purpose of burglarizing it. Notice of the intended departure of Mrs. McGinley and Mrs. Eggleston that night was given in day before yesterday's GAZETTE, and the robbers probably saw it and thought the other members of the family would accompany them to the train. Mrs. Greely fortunately remained at home, and heard them come in at the gate. At first she thought it was her sister and Mr. Miller returning home, but their actions soon convinced her of the mistake. They tried to open the door, and finding it locked called out to see if anybody was within. Mrs. Greely answered and asked what they wanted. Without waiting to hear anything more the fellows took a walk.

A Desirable Population.

There is a fine lot of toughs, opium smokers and tramps infesting Reno now. Judging from their looks there must have been an extensive jail break somewhere, or else barbery coast has taken an emetic. There is enough material here now to start a good-sized state prison if it was properly handled. The chances indicate that some handling will take place if there is not some exodus done pretty soon. A deal of quiet indignation is felt at the peculiar tide of immigration coming in lately, and a lively effort will be made to turn it if it does not turn itself.

A Dead-head Show.

A free "nigger" minstrel show drew a crowded house in Virginia street last night. The crowd drew the sheekles and the barkeeper drew the beer. The "end men" did a good deal of antiquity business in the way of resurrecting and remurdering old jokes that had long slumbered in forgotten graves. The audience was in a good humor and enjoyed the performance in a viciously appreciative way.

An Answer in Order.

The Virginia City public schools will give their annual picnic at Bowlers Mansion on May 24th. No picnic talk has been heard in this section. Ain't Reno going to have a picnic? This is a question of privilege and must be answered. We are going to have a reform club, a military company and a town government, and we must have a picnic. When shall it be?

A Good Chance to Live.

The condition of Thomas Hitchcock since the amputation of his leg has been slowly improving, and he now has about an equal show with the King of Terrors. The mortified flesh is sloughing off, and the skin above it looks healthy. If he recovers it will be a wonderful cure, for at times he seemed all but dying. He was given up two or three times, but still has a good show for life.

Hall of Honor.

Hall of honor is the department of music in the Episcopal seminary for the month ending April 19th: Mollie Grappen, May Carr, Grace Dowdell, Nettie Chase, Frankie Grappen, Lou Beardslee, Carrie Webb, Ada Menheim, Emma Nottemmer, Louise Nottemmer, Lydia King, Mamie Ballard.

Here We Come.

Charley Becker opens next door to Hammerrnith & Belz to-morrow night, with a grand spread. His bill of fare will consist of roast pig wallowing in Champagne sauce, salad, berries, fruits, nuts, and all the delicacies besides lots of beer and cigars. Go see Charley.

Brooch Lost.

Somewhere between J. C. Hagerman's residence and the court-house a gold brooch, with two rows of diamond-shaped jets around a circular shaped jet in the centre. The finder will receive the value of the same by leaving it at this office.

C. J. Brookins.

Reopens at the old stand on Virginia street, with a large and complete stock of fancy goods, candies, nuts, sheet music, and a full assortment of field, farm and garden seed. Fresh candies manufactured every day.

Will Open.

I will open in a few days with a full stock of fine Watches, Clocks and Jewelry. Parties desirous of purchasing will find it to their interest to wait for me, for my prices will be cheaper than ever.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, so claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if Brown asks fifty cents for what Smith is willing to sell for twenty-five, on the grounds that he is loser by the fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Emrich. If you want a suit of fine clothes go to friend Nathan's or Abrams', but if you want a "goose yoke" rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.
P. S.—Money will be refunded on all goods that do not prove as represented.
